Join our search for Nursing Solutions in Difficult Cases. If you are among those who encounter atypical cases in daily practice and have found your own solutions, we would like to invite you to take a few photos and write a standard protocol. You can download a form with a list of standard questions. The form should include a description of the problem, the nursing intervention provided, the material you have chosen to help the patient and the final results. Please note: Difficult Cases that have not been (completely) solved may also be submitted!

Share your expertise
Together with the EAUN you will share and pass on this knowledge to other nurses. The cases will be evaluated by an international expert jury. The 10 most interesting cases are presented by the authors and discussed with the audience in a special session at the 15th International EAUN Meeting in Stockholm. The EAUN will place the material on their website as a unique opportunity to learn from each other. All submissions that meet the criteria will be published on the EAUN website and in European Urology Today.

Some of the Submission Criteria and Rules
- The authors and presenter of this Difficult Case must be registered nurses
- The topic selected must be of relevance to urology nursing interventions in Difficult Cases
- The case is illustrated with photos of the problem and the solution (if any), preferably 3-5 photos
- The solution described in this Difficult Case is your own solution and a nursing intervention
- The case is presented in a completed submission form accompanied by a written patient consent
- When invited to present the Difficult Case in Stockholm you will present the case using the EAUN Difficult Cases slides

All criteria can be found at the Stockholm website: www.eaustockholm2014.org/15th-eaun-meeting

How to apply
- Please check the special page on Difficult Case submission at the congress website for full details.
- For more information you can contact the EAUN Office at eaun@uroweb.org

Submission deadline: 1 December 2013

Join our search for the best nursing solutions! We are looking forward to your contributions!

Nursing Solutions in Difficult Cases

The 10 best cases will be granted a free registration for the 15th International EAUN Meeting in Stockholm, 12-14 April 2014

Call for Research Projects

Nursing research may bring the most amazing results. With the EAUN’s commitment to support innovative work, we invite you to submit a research project proposal for the EAUN Nursing Research Competition. During the 15th International EAUN Meeting in Stockholm (12-14 April 2014), all projects of the nominees will be discussed in a scientific session, enabling all participants to learn through feedback and discussions. A winner, chosen from the six final nominees selected by a jury, will receive € 2,500 to (partly) fund the research project.

Eligible participants have to comply with the following:
- Only registered nurses can submit a research project
- The project has not started at the time of submission
- The research and the presentation have to be done by a nurse
- The topic selected must be of relevance to urologic nursing
- The results of the prize-winning research project will be published in European Urology Today and on the EAUN website and the winner is invited to submit an abstract for the next International EAUN Meeting.

Consider the following guidelines before you start writing your research protocol:
- Is your research question clear and why does it matter?
- How will you address this question? (i.e. what methods will you use?)
- How important is this activity to urologic nursing?
- Are your research methods appropriate?

All criteria can be found at the Stockholm congress website (from 1 May 2013): www.eaustockholm2014.org/15th-eaun-meeting

How to apply
- Please check the congress website www.eaustockholm2014.org for full details.
- For more information you can contact the EAUN Office at eaun@uroweb.org

Submission deadline: 1 December 2013

We hope that you will not miss this opportunity. Remember, nursing research small or large can still change the urological world!

EAUN Nursing Research Competition

€ 2,500 grant to be awarded at the 15th International EAUN Meeting in Stockholm, 12-14 April 2014
Call for Papers
The International Journal of Urological Nursing – The Official Journal of the BAUN

The International Journal of Urological Nursing is clinically focused and evidence-based and welcomes contributions in the following clinical and nonclinical areas: • General urology • Clinical audit • Continence care • Clinical governance • Oncology • Nurse-led services • Andrology • Reflective analysis • Stoma care • Education • Paediatric urology • Management • Men’s health • Research

There are many benefits to publishing in IJUN, including:

• Broad readership of papers— all published papers will be available in print and online to institutional subscribers and all members of the British Association of Urological Nurses
• Fast and convenient online submission— articles can be submitted online at http://mc.manuscriptcentral.com/ijn

Apply for your EAUN membership online!

Would you like to receive all the benefits of EAUN membership, but have no time for tedious paperwork?

Becoming a member is now fast and easy!

Go to www.eaun.uroweb.org and click EAUN membership to apply online. It will only take you a couple of minutes to submit your application, the rest— is for you to enjoy!

European Association of Urology Nurses

The two EAU Prizes for Best Paper published in Urological Literature are tools through which the EAU encourages young and promising urological scientists to continue their work and to communicate their achievements to the European urological community.

Two awards of € 5,000 each will be made available for the two Best Papers published in Urological Literature on Clinical and Fundamental Research. These papers have to be published or accepted for publication between 1 July 2012 and 30 June 2013.

The awards will be handed out at the 29th Annual EAU Congress in Stockholm, 11-15 April 2014.

Rules and Eligibility
• Eligible to apply for the EAU Best Paper published in Urological Literature are urologists, urologists-in-training or urology-related scientists. All applicants have to be a member of the EAU.
• The submitting author must be either the first or the corresponding senior last author.
• Each author is allowed to submit no more than one paper.
• The paper must be written in the English language (or translated into the English language).
• The subject of the paper must be urological or urology related.
• The deadline for submission is 15 November 2013.

How to apply
• Please send your paper by e-mail to m.smink@uroweb.org, indicating clearly the category in the subject line: “EAU Best Paper on Clinical Research” or “EAU Best Paper on Fundamental Research”.
• Include a copy of your curriculum vitae.
• Supply a list of all authors who have significantly contributed (if relevant).
• Indicate clearly for which category the paper is intended (clinical or fundamental research).
• Mention any financial support by companies, government or health organisations.
• A publisher’s letter of acceptance has to be submitted along with your paper.

A review committee consisting of members of the EAU Scientific Congress Office will review all submitted papers and select the winner of the two EAU awards for Best Paper published in Urological Literature.
As I write this column I am feeling both tired and invigorated after attending the final day of the four-day Prostate Cancer World Congress in Melbourne, Australia, 6–9 August. The meeting has been an outstanding success with over 3000 delegates from over 30 countries attending this evidence-based multidisciplinary meeting.

This is the first conference that I have attended where over 3000 nurses, therapists, and other health professionals have gathered under one roof. The Conference has been a fantastic opportunity to learn, network, and exchange ideas. Speakers and delegates in this stream represented all aspects of urology, from clinical care to translational science. This meeting has been a fantastic opportunity to learn about the latest developments in urology, from the latest research to clinical practice.

The Prostate Cancer World Congress organisers deserve to celebrate and bask in the success of this meeting over the coming weeks. I can only hope they find it in themselves to start all over as they look towards new and inspiring content for the 2014 Australasian Prostate Cancer Conference for those of you who work with men diagnosed with prostate cancer, and for whom the option of attending a Melbourne meeting is not out of the realms of possibility, please give serious consideration to attending next year. I am sure you will not be disappointed.

**Prostate Cancer World Congress inspires to launch new initiatives**

Meeting featured evidence-based science with a strong nursing and allied health programme
