

# 21<sup>ST</sup> ASIA-PACIFIC PROSTATE CANCER virtual CONFERENCE 12-17 OCTOBER 2020

**VISIT THE  
WEBSITE  
FOR UPDATES**

## LAUNCHING MONDAY 12 OCTOBER

Our efforts to unite are now more important than ever. Join us for APCC 2020 Virtual Program - the latest in Prostate Cancer. With on demand pre-recorded presentations, live question and answers and resources from our industry partners. We will be providing further information on our website over the coming weeks however in the meantime below is a **snapshot of the Nursing & Allied Health Program.**

### PROSTATE CANCER IN 2020

Presentations on the latest research developments from the key disciplines involved in the treatment and care of patients with Prostate Cancer.

- **Ms Rachel Leaver**, Editor, International Journal of Urological Nursing  
*Top Nursing Papers In Prostate Cancer*
- **Prof Paul Hodges**, The University of Queensland, Qld  
*Research Update: Physiotherapy in Prostate Cancer*
- **Prof Suzanne Chambers**, University of Technology Sydney, NSW  
*The Community Voice in Cancer Survivorship: History, Hegemonies and Hope*
- **A/Prof Nathan Lawrentschuk**, Royal Melbourne Hospital, Vic  
*Urological management of prostate cancer in 2020*
- **Prof Daniel Galvao**, Edith Cowan University, WA  
*Recent developments of Exercise Oncology for prostate cancer*

### POST PROSTATECTOMY INCONTINENCE: BEST PRACTICE MANAGEMENT

Bringing together two world leaders in Post-Prostatectomy incontinence management, Professor Paul Hodges and Dr Justin Chee will explore conservative and surgical management options for PPI and share new research insights in this rapidly evolving field.

- **Prof Paul Hodges**, The University of Queensland, Qld  
*New insights into Post-Prostatectomy Incontinence*
- **Dr Justin Chee**, Epworth Healthcare, Vic  
*Overcoming Post-Prostatectomy Incontinence: bringing out the knife to stop the leak*

### OPTIMISING SEXUAL RECOVERY AFTER PROSTATECTOMY

How does the evidence really stack up for penile rehabilitation? What is best practice? In this special teaser to APCC 2021, we have internationally renowned Urologist John Mulhall addressing these frequently asked questions and more. Urologist Gideon Blecher will then give a highly entertaining and informative talk on the surgical management of sexual dysfunction. Come away from this session with a greater understanding of the evidence-based strategies available to aide sexual recovery.

- **Dr John Mulhall**, Memorial Sloan Kettering Cancer Center, United States  
*Latest in Penile Rehabilitation - What is best practice?*
- **Dr Gideon Blecher**, Epworth Freemasons, Vic  
*Addressing Post-Prostatectomy Erectile Dysfunction*

### LIVE Q&A

**Panel of Nursing and Allied Health Experts**  
Submit your questions during the viewing of the presentations. Our expert panel will select the "burning" issues and questions raised and discuss them over a 1 hour session.

### REGISTER

Included in your registration is an additional five sessions as part of the Clinical Urology stream including presentations on PSMA-PET, Advanced Prostate Cancer treatment, Genetics and more. Your registration of \$100 will entitle you to a discount should you wish to attend APCC 2021.
