

EAUNwebinar

Improving psycho-social care of patients with bladder cancer

18 May 2022

19:00 – 20:15 CEST (18:00 – 19:15 GMT)

Learning objectives

In this webinar you will:

- Improve awareness of psycho-social care in your clinical practice
- Increase your knowledge of unmet needs in BCa patients and the supportive role of the health care team
- Learn how to improve the patient's experience during treatment and care
