

EAUNwebinar

## Sexual health in men treated for prostate cancer

December 13, 2023

19:00 – 20:00 CEST (18:00 – 19:00 GMT)

### Learning objectives

Upon completion of this webinar, the participants will:

- Have a better understanding of the impact on sexual health for men after prostate cancer treatment and how to create high quality care.
- Be able to discuss common pitfalls and strategies to minimise difficulties in the possible treatments of erectile dysfunction after radiotherapy and radical prostatectomy; counselling during hormonal therapy and the psychosocial and emotional impact.
- Have an improved understanding and comfort level with caring/treating in men with sexual health impairment in the clinical settings for men treated for prostate cancer.
