Welcome message from Congress Chairman

Dear Potential Participants/Partners,

It is our pleasure to invite you to participate in the Urological Association of Asia Congress (UAA) 2019, to be held in Kuala Lumpur, Malaysia, from 7th-10th August 2019.

UAA Congress 2019 will provide an excellent meeting-place, where leading experts will gather to update, brainstorm, share information and speak on the latest developments pertaining to the discipline. Attended by highly respected members of the medical profession in the region and top representatives from the various related industry sectors, the UAA Congress has, through the years, gained a solid reputation as a viable platform for the exchange and dissemination of the latest and most innovative knowledge and technology from Asia and the rest of the world.

We look forward to hosting all delegates in 2019 at the award-winning and world-class venue of the Kuala Lumpur Convention Centre. We hope you will not miss this opportunity to be part of this exciting event, and join us in recognizing and sharing the best in Urology practices and latest developments.

Dato' Dr Rohan Malek

Congress Chairman,
Organising Committee, UAA Congress 2019

Theme: Unifying Asia thru Urology

RATIONALE:

The dictum "Unity is Strength" holds true in 2019's theme for the UAA Congress. Asian Urologists, through sharing and discussion of their knowledge, skills, and experiences can be conduits of positive change – especially relevant in today's economic and political climate. The 21st Century, with its novel challenges and fast-evolving technology is also an age of collaboration – a time when people of different skills and mindsets can work together to accomplish more than they can, on their own.

This calls for urologists from throughout the Asia region to collaborate and synergise in sharing know-how, to meet the desired outcomes. Strength comes from unity, and the solidarity and cooperation of a united Urology in Asia will empower it with a vast potential to take on a leadership role in the advance of Urology globally.

Program Highlights

1. Featuring renowned Asian & UAA speakers to share their knowledge and experience
2. Topics covered include:

Endourology

Uro-Oncology

Minimally Invasive Surgery

Men's Health

Pediatric Urology

3. Lectures by:

- i. American Urological Association (AUA)
- ii. BJU International
- iii. European Association of Urology (EAU)
- iv. Société Internationale d'Urologie (SIU)

4. Scientific Topics to look forward to:

- i. Unlocking the Future Treatment Options in Uro-Oncology
- ii. Applying the Latest Techniques in Endo-urology
- iii. Adapting Urology in the 4th Industrial Revolution
