

# INUS 2024

## International Neuro-Urology Course

June 27-28, 2024

@ Crowne Plaza Bangkok Lumpini Park

*In cooperation with*

**The Thai Urological Association,  
The Thai Continence Society**

*and*

**The Thai Rehabilitation Medicine Association**

*Motto of the course*

**NEURO-UROLOGICAL CARE NEEDS SPECIAL KNOWLEDGE**

*Organizing Committee*

Prof. Helmut Madersbacher (INUS)

Prof. Wachira Kochakarn (TUA)

Prof. Bannakij Lojanapiwat (TUA)

Ass.Prof. Apirak Santingamkun (ThCS)

Dr. Sonthidetch Sivilaikul (ThCS)

Ass.Prof.Dr. Paitoon Banjapornlert (TRMA)

Mrs. Narisa Nakpairat (TUA)

# Program at a glance

## **Day 1: Thursday June 27<sup>th</sup> 2024**

- 08:00 On-site Registration open
- 09:00 Welcome
- 09:15-10:30 **Introduction to Neuro-Urology**  
The neural control of the lower urinary tract (LUT) Pathophysiology of neurogenic LUT dysfunction Terminology and classification
- 10:30-11:00 *Coffee Break*
- 11:00-13:00 **Diagnostic workup**  
Patient's history, bladder diary, physical examination, reflex testing and imaging – what information can they provide?
- 13:00-14:00 Lunch
- 14:00-15:30 **Urodynamics – General aspects**  
Key elements of urodynamic equipment, different urodynamic catheters - advantages?  
Proper use and considerations for specific patient groups
- 15:30-16:00 *Coffee Break*
- 16:00-17:00 **Neuro-urological management – what is in, what is out?**  
**Conservative and minimally invasive**  
Pharmacotherapy incl. botulinum toxin A, catheterization, electrical neuromodulation and Stimulation
- 17:00-17:30 **Surgery**  
For urinary incontinence (slings, artificial urinary sphincter);  
for bladder outlet obstruction; bladder augmentation; urinary diversion

### **14:00-18:00 Parallel session: Nurse Workshop**

*Objectives:* 1) to summarize current concepts of lower urinary tract dysfunction management, 2) the role of the nurse to identify recurrent UTIs, 3) catheterization – indwelling and intermittent with hands-on demonstrations

# Program at a glance

**Day2: Friday June 28<sup>th</sup> 2024**

## Neurological diseases / lesions with LUTS Current management strategies

- 09:00-10:30    **Spinal cord injury**  
(incl. incomplete spinal cord lesions such as central cord syndrome, Brown-Sequard Syndrome, ...)  
**Myelomeningocele**  
**Multiple sclerosis**
- 10:30-11:00    *Coffee Break*
- 11:00-12:30    **Stroke**  
**Parkinson's Disease**  
**Dementias**
- 12:30-13:30    *Lunch Break*
- 13:30-15:00    **Young Urologist's Poster Presentation**
- 15:00-15:30    *Coffee Break*
- 15:30-17:30    **What you always wanted to know – ask now!**  
Interactive case discussions
- 17:30            **Closure**

13:30-17:30    **Parallel session: Urodynamic workshop**

### *Objectives:*

- To develop skills in evaluation of different measuring systems and to recognize the respective advantages and disadvantages.
- To learn to interpret urodynamic findings including artefact–find the pitfalls
- Hands-on training in small groups

*Number of participants restricted to 25 persons (see registration page)*

# Registration Fee

Category	Early Bird Rate	Regular Rate
	Until June 1, 2024	June 2, 2024 (Onwards)
International Doctor	120 EUR	180 EUR
Thai Doctor	3,500 THB	4,500 THB
Resident Trainee, Nurse, Physiotherapist (International)	70 EUR	75 EUR
Resident Trainee, Nurse, Physiotherapist (Thai)	2,000 THB	3,000 THB

*QR-Code Registration Fee*

*For the hotel booking at Crowne Plaza Bangkok Lumpini Park,  
please scan the QR code.*
